Congratulation to ANC Provincial Leadership

As the National Freedom Party (NFP) in KwaZulu- Natal, would like to congratulate the ANC newly elected KZN Provincial Chairperson Mr Sihle Zikalalala and his Provincial Executive Committee for winning the election and hosting a successful Provincial Elective Conference over the weekend.

Leaders kindly accept our warm congratulations on your victory and our best wishes for your success as you prepare to take up the responsibilities and challenges of your high offices to drive and stir the Province of KwaZulu Natal.

As NFP, we are looking forward to work with you, to develop our needy communities and maintain peace, stability, fast track development and speed up service delivery. To also ensure political tolerance that will benefit the peoples of KwaZulu-Natal.

To, Mr Senzo Mchunu, we want to say sorry for him, but he has chosen to focus and put his political nose on the affairs of the NFP and fail to mobilize and gain support from his party. His political statement, saying the NFP is dying has let and set him to failure. He was out of order and unbecoming as the well respected leader and the Premier. As NFP, we understand that he was suffering from conference fever and stress, so he was not in good state of mind, we hope as from now he will seek for medical attention to deal with his loss. He has to blame himself for writing his own political obituary by insulting the NFP.

The NFP is in the full swing and busy reaching out and campaign people for the 2016 coming election and it worth noting that Senzo was the one the weakest link and stumbling block on our political relationship with the ANC in the Province, which

affected and compromises service delivery. He was a liability to the ANC as the result. We (NFP) are currently busy welcoming new members from the ANC, who were disgruntled and concerned about his attitude and leadership style.

We hope Mr Senzo Mchunu will learn the lesson to respect and recognize other opposition parties as opposed to his attitude, ignorance and arrogance.
