On behalf of the National Freedom Party (NFP) in KwaZulu-Natal, allow me to pass our shocking deepest heartfelt condolences on the sudden lost of our great and stalwart artist Mr Mtshengiseni “Indidane” Gcwensa, I personally worked and know Indidane as a people’s person, with a jovial character and we were proud of his achievements in the music industry. To say Gcwensa was large than his life character would be an understatement.

He will always be remembered as a great artist, comedian or musician verified by many awards winning and by identifying and grooming young row talent within the music fraternity. As NFP we will solely missed and remember him as man of his character. I remember, when he came unexpectedly to the funeral of the late Hon Stanley Dladla and he demanded to speak by saying : “Ngivuke embhedeni ngigula ngathi ngeke ngihlale ngingezi ukozovalelisa ku Bhuti!!”

His pride, pretending smile, boasting and comic competitive style on stage and skills were only surpassed by his incredible voice and positive influence and for the life of the musician. To his groups, family, friends and colleagues and supporters, we wish to say may your hearts soon be filled with wonderful memories of joyful times together as you celebrate a life well lived.

May his soul rest in peace !!!!!!!!!!!
